Visualizing
The
Netflix
Stock
Profile

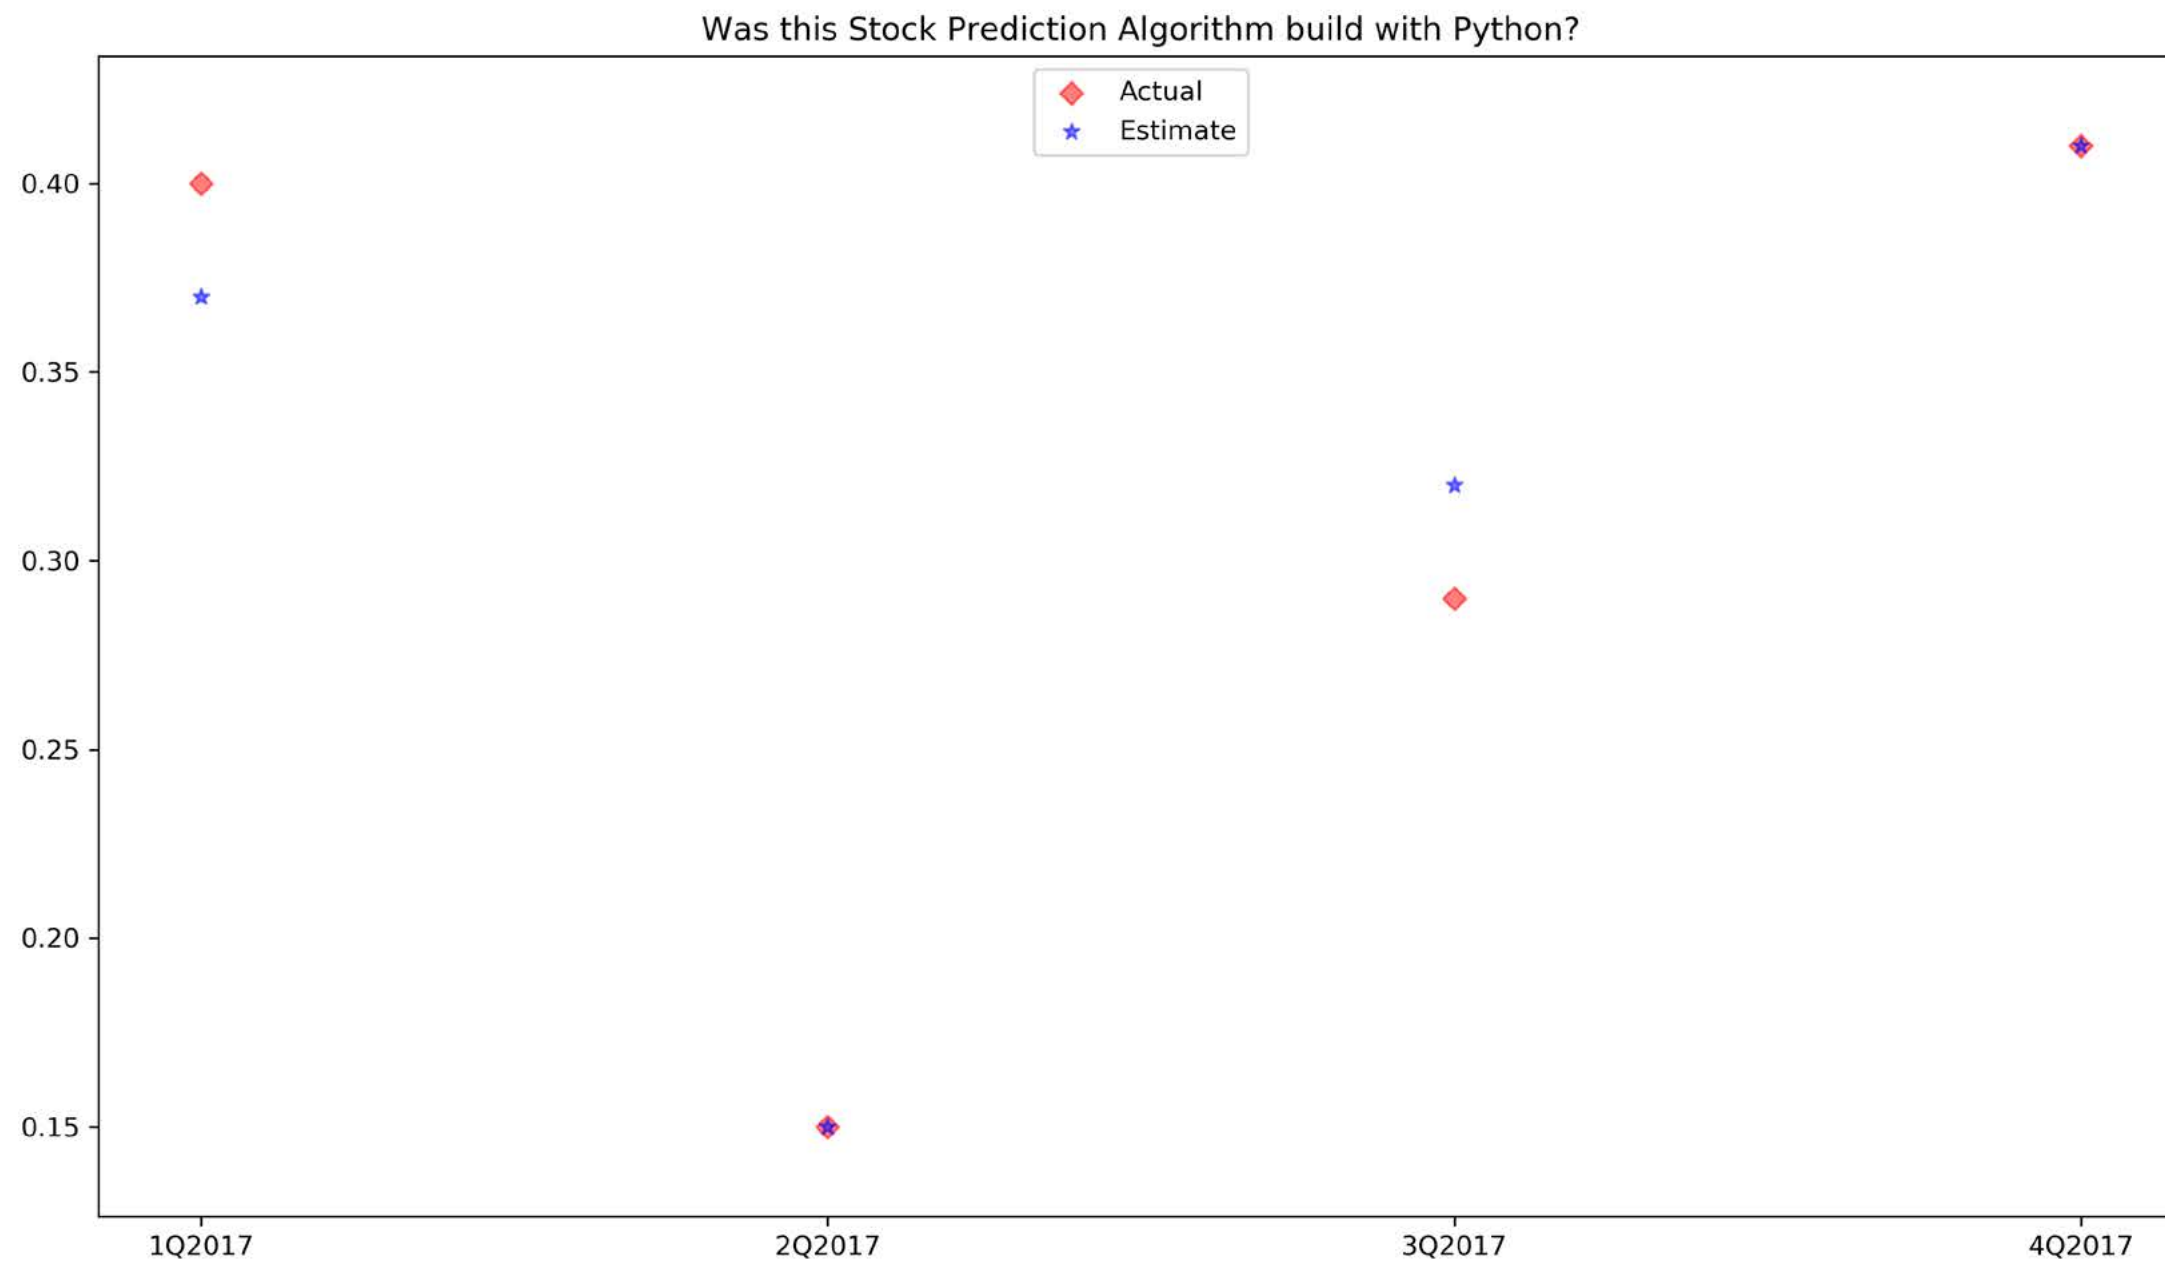

Sep 20, 2018

Four Visualizations of Netflix Shares for the Stock Profile team.

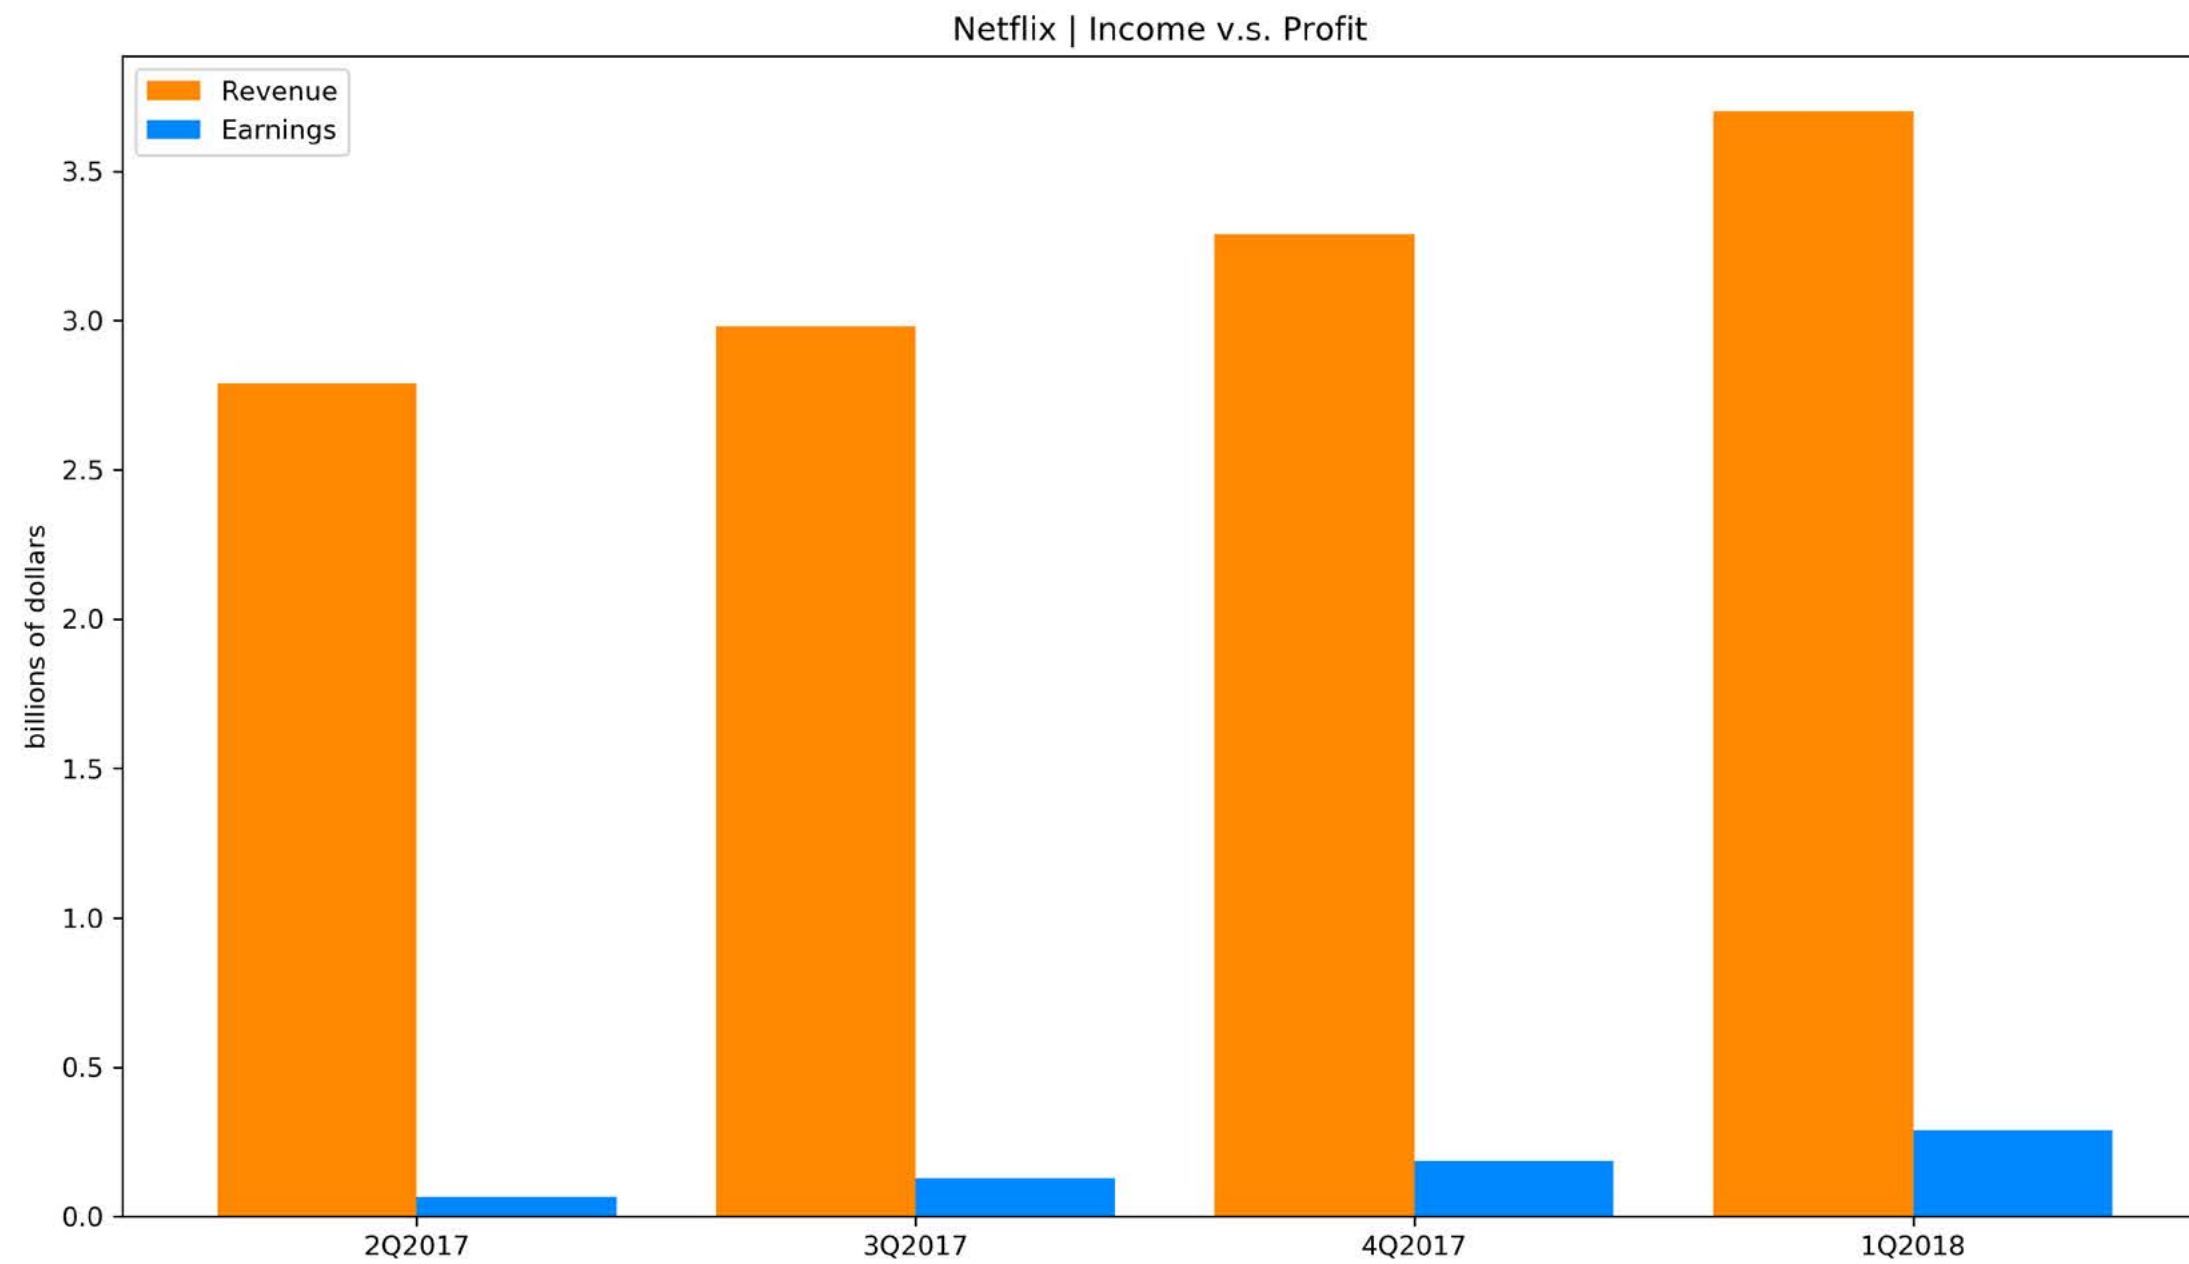

- * The distribution of the stock prices for the past year
- * Netflix's earnings and revenue in the last four quarters
- * The actual vs. estimated earnings per share for the four quarters in 2017
- * A comparison of the Netflix Stock price vs the Dow Jones Industrial Average price in 2017

Stock prices fluctuated the most in the third quarter.

In the second and last quarter the actual and estimated earnings were the same.

Profit is going up. Buy shares!

Volatility of Netflix was considerably larger but the Dow rose 20% and Netflix 40%
